NEW GOLD FIELDS.

REWARDS TO DISCOVERERS.

THE Government are prepared to give Rewards to the discoverers of New Gold Fields, in accordance with the following Regulations:—

1. That person will be deemed the discoverer who shall first find gold, mark out a claim, and notify the same in writing to the Gold Commissioner of the district, if there be one—if not, to the Police Magistrate for the district, or of the nearest district. In such notification the discoverer shall state, as nearly as practicable, the exact locality, and the distance from the nearest gold workings, or nearest town.

2. No reward will exceed one thousand pounds. In fixing the amount to be paid for any discovery regard will be had to the number of men employed in the new gold field, its distance from the nearest gold workings, the character of the deposit in which the gold occurs, and the depth of sinking.

3. If two or more persons simultaneously discover gold in the same locality, or in places immediately adjacent, and they each severally comply with the conditions abovementioned, the sum proper to be awarded will be divided amongst the several persons who have discovered the gold fields in such manner the Government may deem just.

4. Rewards shall be given in accordance with the following scale, namely:—

a. For the discovery of a gold field, distant more than twenty miles from the nearest gold workings, and on which there shall be employed three months after the report of the discovery having been made not less than 200 men, a sum not exceeding £500.

b. For the discovery of a gold field, distant more than twenty miles from the nearest gold workings, and on which there shall be employed six months after the report of the discovery not less than 500 men, a sum not exceeding £1,000.

The words "nearest gold workings" shall mean gold workings on which miners are actually employed in searching for gold.

The above rewards are in addition to the prospecting, or reward claims, to which, by the Gold Fields Regulations of 31st October, 1873, discoverers of new fields are entitled.

OF SATURDAY, 11TH JULY, 1874.

PUBLISHED BY AUTHORITY.

VOL. XV.]

SATURDAY, 11TH JULY, 1874.

[No. 85.]

Colonial Secretary's Office,
Brisbane, 10th July, 1874.

THE following instructions issued to the several Benches of Magistrates, Clerks of Petty Sessions, and others, charged with the duty of carrying out the provisions of "*The Elections Act of 1874*," are hereby published for general information.

A. MACALISTER.

COURTS OF PETTY SESSIONS.

APPOINTMENT OF COLLECTORS.

The duties of Justices begin on or before the 1st day of August in each year, when the Courts of Petty Sessions for each Police District are required to appoint Collectors of Electoral Lists for the district. In extensive districts care should be taken to appoint, at an early date, a sufficient number of Collectors to enable the work of collection and compilation to be completed within the period limited by the Act (*see Section 16*), and for this purpose different divisions of the district may be allotted to different Collectors.

When practicable, suitable and intelligent members of the Police force must be appointed Collectors. But, if sufficient members of that force are not available, the Courts of Petty Sessions can, but not otherwise, appoint other persons as Collectors, and assign to them reasonable remuneration for their services.

The Courts should exercise great care in the selection of Collectors, and abstain from appointing any persons of known political prejudices or predilections.

COURTS OF REVISION.

A Court of Revision must be held in every year in and for every Police District some time between the 1st and 21st days of November. The Court is to hold its sittings at the principal Police Office, and such other places as the Colonial Secretary shall appoint. Notice of the place and time of holding the Court must be inserted in the local newspapers, and otherwise made public, at least twenty-eight days before the day of meeting. In most cases, it may be convenient for the Justices, when they meet for the purpose of appointing Collectors, to fix the day of holding the Court of Revision.

Only Justices who reside in the police district whose Electoral List is under revision are qualified to take part in the proceedings of the Court. Any interference from non-resident Justices would be inoperative, and might vitiate the whole proceedings. Members of Parliament and candidates for election are prohibited from taking part in the revision, under a penalty of £20.

Section 22.

On the appointed day, and thereafter from day to day, the Justices present must elect a Chairman, unless the Judge or Crown Prosecutor of a District Court is present, either of whom will preside *virtute officii*.

Sub-sections 1 and 5 of section 24.

The Court, when constituted, will proceed to revise the List, and must retain all names not objected to, unless in the case of death proved to the satisfaction of the Court.

Sub-section 2 of section 24.

All names objected to must also be retained, unless the objector, or some one on his behalf, establishes the objection by satisfactory proof.

Sub-section 5 of section 24.

No name, except in case of death, as above-mentioned, shall be expunged unless duly objected to (*see Section 19*), and the objection established to the satisfaction of the Court.

Sub-sections 3 and 5 of section 24.

No new name is to be inserted unless due notice of claim has been given in accordance with the provisions of section 19. The declaration contained in the notice of claim is *prima facie* evidence of the qualification claimed, and, in the absence of any valid notified objection, entitles the claimant to be inserted in the List.

The Chairman should have the List before him, and with his own hand strike out all names expunged, insert all new names, and make all corrections; writing his initials at the time against each amendment, and signing his name at the foot of each page.

Sub-section 6 of section 24.

When the claims are so numerous that the new names cannot be inserted in the printed List, an interleaved copy of the List should be prepared, and the Chairman should write the new names upon the blank page opposite to the corresponding letter in the List, writing his initials to each name, and signing his name at the foot of each interleaved page, as well as each page of the List.

Sub-section 7 of section 24.

The Chairman must also write in the margin opposite to the name of any person on the List, the place at which such person may have notified his election to vote, in pursuance of the provisions of Sub-section 7 of Section 24, at the same time placing his initials thereat.

Section 25.

No name should be allowed to appear more than once on any Electoral List. When a person appears to be named more than once, the Court must require him, if present, to state under which qualification he desires to remain on the List; but if he is not present or does not make a choice, the Court must retain the entry of the name which comes last on the List.

Section 26.

The Revision Court must complete its labors by the 21st of November. It may, however, adjourn from time to time within that limit. Full powers are given to the Court to summon witnesses and compel production of necessary evidence of all kinds.

Sections 27 and 28.

The Revision Court may punish frivolous objections by ordering the objector to pay the costs, which may be recovered by distress, if he has not deposited enough, in sums of five shillings, to pay the costs awarded. The money deposited with a valid objection may be detained for the costs of a frivolous objection made by the same person.

A person making a groundless, frivolous, or vexatious claim, may, in like manner, be ordered to pay costs to the person who successfully opposes the claim.

Section 29.

The decision of the majority of the Court is binding; and, in estimating such majority, the Chairman shall have a vote, and, when the numbers are equal, a casting vote.

CLERKS OF PETTY SESSIONS.

The first duty of the Clerk of Petty Sessions is to secure the attendance of his Court for the purpose of appointing Collectors on or before the 1st day of August (*see Section 12*). Where the Police District is extensive, he should summon the Court to meet on such a day before the 1st of August as will enable the Collectors thereafter to complete their work of collection and compilation before the 31st of August.

Section 15.

He must see that each Collector, before entering upon his duties, properly makes a declaration in the form prescribed by Section 15; and all such declarations must be kept as of record by him. He should also furnish the Collectors with printed forms of Lists, to be furnished to him, for that purpose, by this office.

Section 16.

His next duty is to receive from the Collectors the Electoral Lists compiled by them, and to forthwith cause copies of such Lists to be printed or transcribed, and also cause copies of the Lists to be fixed on some conspicuous part of the Police Office for the continuous period of not less than fourteen days, ending on the 30th of September. Copies of the Lists are to be furnished to any person on payment of a reasonable price.

Section 17.

When any Police District forms portions of two or more Electoral Districts, separate Lists must be made of each portion.

Section 19.

He must receive and take care of all Notices of Claims and of Objections, given to him, or sent by post, on or before the 10th of October. Every objector must lodge with him the sum of five shillings for each objection. It will be the duty of the Clerk of Petty Sessions to place all moneys so received by him to a special account in one of the banks in the town, and dispose of them as hereafter directed. If there is no bank, he must take charge of the money, for which, in every case, he will be held strictly responsible.

Section 20.

After the 10th of October, he must make out separate complete Lists of all Claims and Notices of Objections received by him; and must cause copies of such Lists to be posted in some conspicuous part of the Police Office for fourteen days at least, ending on the 31st of October. Forms of lists will be found in Section 20 of the Act.

At the opening of the Revision Court, the Clerk of Petty Sessions must produce the Electoral Lists compiled by the Collectors, his own Lists of Claims and Objections, and the actual Notices of Claims and Objections received by him. It will be his duty to point out to the Court any Claims which have been sent in in an imperfect state, and any Notices of Objection which were not accompanied by a deposit of five shillings. Section 24

If the Revision Court orders any of the five shilling deposits to be paid in costs, the Clerk of Petty Sessions must make payment according to such order; but, in every other case, he will, after the Court has completed its work, return the money to the persons who deposited it. Section 27.

As soon as possible after the Revision Court, and not later than the 5th of December, the Clerk of Petty Sessions must return the Revised Lists to the Returning Officer of the Electoral District to which they relate, and, from them, the Returning Officer will compile the Electoral Roll for the ensuing year. Section 29.

COLLECTORS OF ELECTORAL LISTS.

Every Collector, before entering on his duties, must make a declaration before a Justice of the Peace, in the form prescribed by Section 15 of the Act; and such declaration will be kept as of record by the Clerk of Petty Sessions, as above-mentioned. Section 15.

The first duty of a Collector is to traverse the district for which he has been appointed, for the purpose of procuring the names of all persons entitled to vote within such district, and compiling an alphabetical List of all persons so entitled to vote. Section 16.

He must be particularly careful not to insert in any list the name of any person whom he knows, or believes, not to be qualified to vote, or to be disqualified from voting; and not to omit the name of any person whom he knows, or believes, to be qualified or entitled to vote within his district. Any wilful misconduct in this respect will render him liable to a penalty of £20, or to three months' imprisonment. Section 16.

The qualifications of electors are set out in the Seventh Section of the Act, and are briefly:— Section 7.

- (1.) Residence in the district for the six months immediately preceding the making out of the Electoral List.
- (2.) Possession, for the like period, of a freehold estate, situate in the district, and worth £100 above all encumbrances.
- (3.) Occupation, for a like period, of any house, warehouse, counting house, office, shop, or other building, situate in the district, of the clear annual value of £10.
- (4.) Possession of a leasehold estate, situate in the district, of the annual value of £10, held upon a lease having not less than eighteen months to run after the time of making out the List.
- (5.) Possession of a leasehold estate, so situate, and of the annual value of £10, of which possession has been held for at least eighteen months immediately preceding the making out the List.
- (6.) The holding for six months previous to making out the List, a license from the Government to pasture lands within the district.

No aboriginal native of China, or of the South Sea Islands, or of Australia, or of India, should be inserted in any List, unless he holds a freehold qualification, that is, unless he holds No. 2 of the qualifications above-mentioned. A freehold estate is an estate held for the life of the holder, or for the life of another person, or any greater estate: where the estate is held for a term of years, or for any period less than the life of the holder, or less than the life of another person, the estate is not freehold. Section 7.

Where property of the character described in qualifications 2, 3, 4, 5, 6 above-mentioned, is jointly owned, occupied, or held by more than one person, each person should be entered on the List as entitled to vote in respect of the property, if the value of his individual interest, separately considered, equals the limit of value. Section 8.

The following persons are disqualified from being Electors, and their names, therefore, should not be inserted in any List:— Section 10.

- (1.) Persons of unsound mind.
- (2.) Persons in receipt of aid from any charitable institution.
- (3.) Persons attainted or convicted of treason, felony, or other infamous crime, in any part of Her Majesty's dominions, who have not received a free or conditional pardon, or undergone his sentence.

Between the first and thirty-first days of August, and not later, every Collector must make out an alphabetical List of the persons qualified to vote in district, and deliver such List to the Clerk of Petty Sessions. The qualification of every Elector in the List should be described with such precision as to point out the exact locality in which it arises, whether in respect of residence or property. Care also should be taken to ascertain, and insert in the List, the correct christian and surnames of every Elector. The form of List will be found in Section 16 of the Act; and copies can be procured from the Clerk of Petty of Sessions. Section 16.

[No. 90.]

AT NOON, this day, His Excellency the GOVERNOR proceeded in State from Government House to the Legislative Chambers, to Prorogue the Second Session of the Seventh Parliament of Queensland, and delivered the following Speech:—

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

1. I have much pleasure in being able to release you from your Legislative labors, after a somewhat protracted Session.

2. My present advisers, having entered into office immediately after the meeting of the two Houses, had but a limited time at their disposal for the preparation of measures previous to placing them before Parliament. The Bills, however, which have been passed during the Session now brought to a close, are not of an unimportant character, and must have a material effect on the interests and future advancement of the Colony.

3. A Bill to Amend the Laws relating to Parliamentary Elections has become law. By this measure all difficulties which have hitherto existed in the way of qualified persons being placed on the Electoral Rolls of the Colony have been removed, and self-government has been conceded to the inhabitants of Queensland to the fullest extent. Every care will be taken that this Law is faithfully carried into effect.

4. A Bill for the resumption of the remaining portions of the ten years' leases in the settled districts was submitted to and passed by the Legislative Assembly, but from amendments made by the Legislative Council, and not assented to by the Assembly, this Bill has not become law; nor have resolutions, passed without division by the Assembly, for the resumption of a certain number of Runs under "*The Crown Lands Alienation Act of 1868*," received the assent of the Council. My Government regret that the demand for land for agricultural settlement has thus, for a time, not been provided for. It is trusted, however, that the powers conferred upon the Executive by "*The Crown Lands Alienation Act of 1868*" and "*The Homestead Areas Act of 1872*" will meet, to some extent, the requirements likely to arise before another opportunity is afforded of submitting the land question to Parliament.

5. My Ministers will not hesitate to avail themselves of the means provided by the law for the recovery of such portions of the public property or estate, as may have been fraudulently acquired.

6. A Bill for regulating the Gold Fields of the Colony has also been passed by you. This measure was urgently demanded by the inhabitants of the various Gold Fields of the Colony; and it is confidently hoped that it will tend to remove those obstructions which have hitherto impeded the development of our great mining interests.

7. By "*The Act to amend 'The Supreme Court Act of 1867,'*" which has already come into operation, ample provision has been made for the administration of the law in the higher Courts throughout the Colony; and the Northern Districts will now possess the advantages of a branch of the Supreme Court established in their midst.

8. The new Tariff which you have passed is now in operation. From what has already been observed of its effects, there is every reason to hope that, while lessening the burden of taxation, it will assist in promoting the increasing commerce of the Colony.

9. The powers conferred upon the Government, for the survey of new and additional Lines of Railway, will be immediately exercised with a view to the opening up, by this means of communication, of land suitable for settlement, and which has hitherto been beyond the means of rapid communication with markets. In the meantime, those Lines which have already been authorised to be made are being vigorously extended; and it is anticipated that considerable portions of them will speedily be opened for public traffic.

10. The authority given to my Government for the extension of Electric Telegraphs will be also immediately put in force, and the sums voted by Parliament for this purpose will be faithfully and economically administered. I congratulate you on the fact that, during the first Session of this Parliament, there has been evinced by you a more than usual desire to extend the operations of the Electric wire to every portion of the colony.

11. Amongst the other measures which have been passed by you the following may be specially mentioned:—

"*The Audit Act of 1874;*"

"*An Act for granting to Her Majesty certain Duties of Customs;*"

"*An Act for the further Amendment of the Law of Evidence;*"

"*An Act to provide for the Distribution of the Estate of Insolvent Debtors;*"

"*An Act to Consolidate and Amend the Navigation Laws;*"

"*An Act to Amend the Law relating to the Engagement, Discharge, and Desertion of Seamen;*"

"*An Act to authorise the Issue of Land Orders in certain cases;*"

all of which, in a greater or less degree, are of importance to the Colony.

12. A Bill for giving compensation to Members of the Legislative Assembly for their attendance in Parliament was introduced for your consideration at an early period of the Session. Although unsuccessful in their efforts to procure the passing of this measure through the Legislative Council, my Responsible Advisers confidently hope that a measure so much required for the purpose of securing to the country districts the advantage of possessing local representatives will, when again submitted to the Legislature, obtain a more favorable consideration.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

13. I thank you on behalf of Her Majesty, for the liberality of your grants for carrying on the Public Service of the Colony; for the development of its great resources; for the encouragement of Education; and for the support of those Charitable Institutions, which mark the sympathy of the people of Queensland with every form of human distress.

11. The construction of the various Public Buildings, and other works, which your liberality has authorised, will be forthwith commenced; and thus the various districts of the Colony will practically experience the benefits of that attention to their wants, which has been one of the great objects of your labors.

HONORABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

15. The question of Education has for some time engrossed a large amount of public attention. It is essential, for practical legislation on the subject, that inquiry should be made into the whole system of Education, as carried out in this Colony, and supported from the funds of the Public Treasury. It is, therefore, my intention, in accordance with the advice of my Ministry, to issue a Royal Commission to enquire into the working of our Educational Institutions, and to report as to the best means for rendering these, if possible, more useful to the Colony.

16. I congratulate you upon the continued progress and prosperity of the country. Our population is steadily progressing; new and successful industries are rapidly being established; and an abundance of employment appears to exist for all who are desirous to labor. Peace and good order prevail throughout the Colony; and the march of progress is on all sides observable.

17. In wishing you a safe return to your respective homes, I feel that it will be a source of gratification to you to know that the sacrifices you have made, in giving up your valuable time to attend to the public business of the country, will be appreciated by your constituents; and that the important Legislative enactments which you have passed are of the highest value to the Colony.

18. I now, in Her Majesty's name, declare this Parliament to be Prorogued until the 21st day of September next; and it is Prorogued accordingly.

1. The wharf, without the store, will be leased for a term of three years, and the wharves with the stores attached thereto, 25 x 40, will be offered separately for a term of one year.

2. The highest bidder shall, subject to the approval of the Treasurer as to sureties and otherwise, be the lessee. In case of any dispute between the bidders, or any bidder and the seller, the lot shall be again put up for sale.

3. The lessee and his approved sureties will be required to enter into a bond in double the amount of the rent for one year.

4. The rent is to be paid monthly in advance to the Sub-Collector of Customs at Cooktown, or at the Treasury in Brisbane, the first month's rent to be paid on or before the 1st of the month next after the letting thereof.

5. No charge for wharfage rates on cargo shall exceed 2s. per ton weight or measurement, and no wharfage rates shall be charged upon any goods consigned to any officer of the Government on account of the public service.

6. The lessee will be entitled to the entire use of the wharf, or wharf and store, but no other buildings are to be erected on the ground leased, or on the wharf, without the express sanction of the Government.

7. The lessee will be required to keep the wharf clean and free from all deposit of rubbish or refuse, and in good and suitable repair during his tenancy, reasonable wear and tear only excepted; and should any damage be done to the wharf by any vessel or otherwise, such damage shall be made good by the lessee, to the satisfaction of the Government.

8. The lessee will not be at liberty to assign or sublet the wharf, or any portion thereof, without having previously obtained the consent of the Treasurer.

9. The lessee will be held accountable for the proper conduct of his wharfinger, or other servant employed in connection with the wharf, or the collection of wharfage rates.

10. The officers of Customs, the Harbor Master, and other officers in the Public Service, and all persons acting under their orders, shall have free access to the wharves for all purposes connected with their public duties.

11. Should the rent at any time be more than one month in arrear, or should the lessee wilfully infringe the conditions of his lease, the Government shall in the former case have right at once to enter upon and take possession of the wharf and premises, and in the latter case to enter and take possession on the expiration of one month's notice given after such infringement.

SALE OF LEASE OF WHARVES, COOKTOWN, ENDEAVOUR RIVER.

THE lease of the three Wharves and two Stores now being constructed at the Endeavour River, will be put up to auction, at the Police Office at Cooktown, at noon of SATURDAY, the 8th day of August next.

1. The wharf, without the store, will be leased for a term of three years, and the wharves with the stores attached thereto, 25 x 40, will be offered separately for a term of one year.

2. The highest bidder shall, subject to the approval of the Treasurer as to sureties and otherwise, be the lessee. In case of any dispute between the bidders, or any bidder and the seller, the lot shall be again put up for sale.

3. The lessee and his approved sureties will be required to enter into a bond in double the amount of the rent for one year.

4. The rent is to be paid monthly in advance to the Sub-Collector of Customs at Cooktown, or at the Treasury in Brisbane, the first month's rent to be paid on or before the 1st of the month next after the letting thereof.

5. No charge for wharfage rates on cargo shall exceed 2s. per ton weight or measurement, and no wharfage rates shall be charged upon any goods consigned to any officer of the Government on account of the public service.

6. The lessee will be entitled to the entire use of the wharf, or wharf and store, but no other buildings are to be erected on the ground leased, or on the wharf, without the express sanction of the Government.

7. The lessee will be required to keep the wharf clean and free from all deposit of rubbish or refuse, and in good and suitable repair during his tenancy, reasonable wear and tear only excepted; and should any damage be done to the wharf by any vessel or otherwise, such damage shall be made good by the lessee, to the satisfaction of the Government.

8. The lessee will not be at liberty to assign or sublet the wharf, or any portion thereof, without having previously obtained the consent of the Treasurer.

9. The lessee will be held accountable for the proper conduct of his wharfinger, or other servant employed in connection with the wharf, or the collection of wharfage rates.

10. The officers of Customs, the Harbor Master, and other officers in the Public Service, and all persons acting under their orders, shall have free access to the wharves for all purposes connected with their public duties.

11. Should the rent at any time be more than one month in arrear, or should the lessee wilfully infringe the conditions of his lease, the Government shall in the former case have right at once to enter upon and take possession of the wharf and premises, and in the latter case to enter and take possession on the expiration of one month's notice given after such infringement.

(For the Colonial Secretary.)

ENCLOSURE IN DESPATCH FROM THE GOVERNMENT OF INDIA, MILITARY DEPARTMENT, 8TH JUNE, 1874, No. 437.

NOTICE.

In continuation of the notification by the Government of India, dated 4th February, 1873, notice is hereby given that remount agents or committees at the several stations noted in the margin, are prepared to purchase about 1,000 horses suitable for army purposes, during the current year and up to the 1st April, 1875.

In 1875-76, 650 horses, more or less, will be bought.

Except under very exceptional circumstances, purchases will be made only between the 1st October and 1st April.

The requirements of subsequent years will be made known hereafter.

Horses of all breeds, Cape, Australian, Arab, Persian, country bred, and northern, will be accepted, if up to the required standard. Mares as well as horses will be taken, and if the former are of a good stamp, the preference will be given to them.

They must be within the prescribed ages, four to seven years.

The standard price for Cavalry and Field Artillery remounts is Rupees, 500—for Horse Artillery, Rupees, 600. Every horse presented for purchase will be separately valued, and, in special cases, higher prices than the standard price may be given, provided the average of the purchases does not exceed the above limits.

No exhibition of horses will be held in Calcutta in the ensuing cold season, but prizes for the best horses and mares for stud and army purposes will be awarded at several up-country stations, the details of which will be published shortly.
